

WHY PAYING WITH CASH IS A WISE INVESTMENT

C

CLARITY

Everything in life is created twice. First we create and gain clarity on something in our minds. Then, we create it in the physical world. You should become clear on the vision you have for yourself and your team.

Having clarity on what you want will allow you to make tough choices when the time comes.

A

ATTITUDE

Many people can see outcomes that they want to achieve, but it takes the right mindset to put them in motion. You will have to do things you don't want to do and forgo other opportunities along the way. At times, it will be far easier to quit than continue. Having the right attitude will serve you well when you reach those crossroads.

S

SACRIFICE

To get something, you often have to give up something. You will have to give up your time, energy, and best efforts to see your dream become a reality.

You will make sacrifices, but your short-term pain can change everything in the future.

H

HARD WORK

No matter what you choose to accomplish, making it happen is going to take hard work. You can find solace knowing that your future self will look back on the hard work as a small price for a big win.
