

# Team Tradition Assessment

Use this tool to assess your team's traditions. In the top section, write down two existing traditions and consider if each tradition aligns with your organization's values. Then, determine if you should keep, drop, or improve the tradition. In the bottom part of the tool, identify one tradition you could start.

## Current Traditions

What is the tradition?	Does it align with your values?	Keep, drop, or improve? If improve, how?

## Possible New Tradition

What could you start?	How would it align to your values?	How can you get it started?
