

# ARE YOU BUILDING A TEAM THAT IS WORTH BUILDING?

## 7 keys to constructing a strong team

### SYSTEMS

Put systems in place that allow your team members to do their best work.

### RESULTS

Challenge yourself and others to produce outcomes that truly matter.

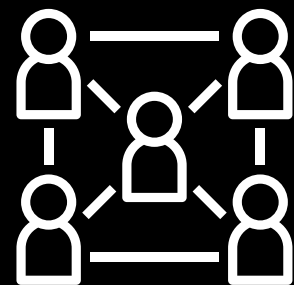

### EXPERIENCES

Encourage your people to tackle challenges that require them to stretch and grow.

### RELATIONSHIPS

Model for your team what it means to respect and value every person and relationship.

### KNOWLEDGE

Foster the intellectual growth needed to address future challenges.

### SKILLS

Help your people to build new and utilize new skills.

### VALUES

Work with your people to define foundational values and then upload those values as you work with customers, colleagues, and one another.
