

Finish What You Started

Take a moment and consider some unfinished work in your life (e.g., project, goal, initiative, etc.). Ask yourself the question, "Is it worth it to get the unfinished work finished?" Based on your answer, chose to End with Excellence or Kill it Quickly.

YES

End with Excellence

Create a plan, build a team to help, track progress, and celebrate success. It all starts with a conscious decision to take action to finish stronger than you started.

Unfinished Work

Is it worth getting the unfinished work across the finish line?

Kill it Quickly

The key to finishing strong when you decide to end a pursuit is to be a pro and communicate your decisions to others, close out any remaining issues, and capture what you learned.

NO
